WILLIAM D. KNAPP, Justice.

THE STATE OF NEW HAMPSHIRE.

L. S. To the inhabitants of the town of Somersworth, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall, in said town, on Tuesday, the eighth day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

ARTICLE 1. To choose a Moderator, to preside at said meeting.

ART. 2. To choose all necessary town officers for the year ensuing.

ART. 3. To see if the town will vote to authorize its Selectmen to borrow money on notes of the town, not to exceed the sum of ten thousand dollars, when they shall think necessary, to pay outstanding bills, the interest on town notes, for the support of public schools and such other current expenses as should be paid before the treasury can be replenished from the taxes of 1892.

ART. 4. To see if the town will authorize its Selectmen, to sell its horses and outfit and stable.

Art. 5. To hear the report of the committee, appointed at the last annual town meeting, to revise the By-Laws of the town, and to see what revision the town will approve and adopt.

Art. 6. To hear the report of the committee chosen at the last annual town meeting, to whom was referred the subject of Water Supply, and to see what action the town will take thereon.

Art. 7. To see if the town will vote to extend its system of sewers, and authorize its selectmen to borrow, on the notes of the town, a sum of money not to exceed ten thousand dollars for that purpose.

Art. 8. To see if the town will vote to pay William B. Martin, a sum not exceeding three hundred and twenty five dollars, to pay his expenses in defending the case of Timothy Leary against him, by application of W. D. Knapp and others.

Art. 9. To see if the town will vote to place an electric light on Partridge Hill, so called, near the residence of Newell J. Bickford; also to move the arc light, opposite the residence of Charles H. Locke, and place the same at the head of South street, by application of David R. Pierce and others.

Art. 10. To see if the town will vote to pay the sum of one hundred and fifty dollars to Lafayette Band, of Somersworth, for giving public concerts during the summer of 1892, by application of James H. Joyce and others.

Art. 11. To see if the town will vote to lay a concrete walk, with edge stones for same, on the Westerly side of Lincoln street from Maple to Winter street, by application of John N. Haines and others.

Art. 12. To see if the town will vote to lay a concrete sidewalk on the Westerly side of Court street from High to Washington street, and raise and appropriate money therefor by application of O. W. Davis and others.

Art. 13 To see if the town will vote to appropriate the sum of one hundred dollars towards paying the rent of the Women's Christian Temperance Union reading room, by application of Mrs. J. C. Lothrop and other women.

Art. 14. To see if the town will vote to raise and appropriate the sum of fifteen hundred dollars for the purpose of purchasing land to enlarge Forest Glade Cemetery, by application of the directors and others.

Art. 15 To see if the town will vote to accept the streets recently laid out in the Pierce brick-yard addition, so called, said streets running from the Indigo Hill road in a southerly direction, one thousand feet more or less, to a tract of wood-land owned by the Boston and Maine Corporation, lying on the Southerly side of the Pierce brick-yard, so called, said streets being known as First, Second and Third streets, said Third street extending only to Burke street, so-called, and having a length of seven hundred and fifty feet, more or less, by application of Fortunat J. Gagnon and others.

Art. 16. To see if the town will vote to lay a water pipe connecting with the stand pipe, running to the corner of Mt. Vernon and Grand, thence to Prospect, placing hydrants at the corner of Mt. Vernon, Grove, Highland and junction of Grand and Prospect streets, and raise and appropriate money therefor, by application of John W. Bates and others.

Art. 17. To see if the town will so amend its By-Laws that all of its surveyors of highways, shall be appointed by the selectmen, by application of James H. Joyce and others.

Art. 18. To see if the town will vote to place an electric light at the junction of Walnut and Tremont streets, by application of Michael P. Flanagan and others.

Art. 19. To see if the town will vote to place an electric light in the hollow on Franklin street, by application of Pierce Mulien and others.

Art. 20. To grant and vote such sums of money as the town shall judge necessary for the support of schools, maintenance of the poor, repairing highways, decorating the graves of the soldiers who lost their lives in the late Rebellion, and for all necessary charges arising within the town for the year ensuing.

Art. 21. To see if the Town will vote to extend its water pipe and hydrant service to the mill of the Great Falls Woolen Company, and raise and appropriate

money therefor, by application of Nathan Wimpfheimer and others.

Given under our hand and seal this twentieth day of February, A. D. 1892.

SOMERSWORTH, February 17, 1892.

ENGINEER'S REPORT.

I herewith submit my report as Chief Engineer of the Great Falls Fire Department, giving number of fires and condition of apparatus under my care.

There has been only one fire, and that very slight, on Green street, in the Michael Redy house, in which was a saloon, on January 9.

There have been four new and improved Chapman Hydrants set this year in place of the old ones. All but two North of Washington street are of the improved kind, and as fast as the old ones give out I would recommend putting in this kind, as there is no trouble about packing and freezing.

I think every machine is in good order. We need better protection for Prospect Hill and I think a line of pipe with ten hydrants should be laid the coming summer. Instead of two hand machines, have one village steamer with 25 men, and disbanding one company would make a saving of some $300 per year, and it would soon pay for itself in one good fire.

I would take this opportunity of thanking all members of the Department for their prompt and efficient help the past year.

O. Q. SHAPLEIGH, Chief Engineer.

ANNUAL REPORT

OF THE

Superintending School Committee

OF DISTRICT NO. 3,

TOWN OF SOMERSWORTH,

FOR SCHOOL YEAR 1891—92.

In submitting our annual report of the schools in the district, we desire to express that regret which is felt and manifested by all who are interested in the welfare of our schools, at the loss of Rev. J. M. Dutton who labored so long and faithfully as a member of this committee.

There have been some changes in the corps of teachers during the year, all of which have been made in consequence of resignation; Miss Evelyn Horne, second assistant in the High School, a faithful and efficient teacher, resigned at the close of the summer term, and Miss M. May Nute was employed for that place at the

commencement of the fall term; no other change has been made in the High School, and the people of the district have every reason to be gratified with the work, both in grade and character, which is being done in this school. We are pleased to report that there have been no changes in the Grammar schools. but that the same arrangement as described in our last report has been continued in Mr. Montgomery's room with the best results.

Miss Mabel L. Goodwin, 2nd Primary, Orange street, and Miss Ida F. Blaisdell, 5th Primary, Green Street, both experienced and valued teachers, resigned during the year, the former at the close of the summer term and the latter after the commencement of the winter term; Miss Hannah Rowan, Miss Ellen M. Lawlor and Miss Etta Martin, all graduates of the High school, were employed to fill the vacancies and for one new Primary school on Green Street which we found it necessary to establish during the fall term, in order to relieve the overcrowded condition of the other schools of the same grade in the district.

Our schools, considered together, are in a satisfactory condition; but there are opportunities for improvement in some directions which were indicated in last report,---"too much talk;" "want of inspiration;" "tendency to slip over difficult places;" "loud talk to pupils,"---angularities which should be "polished down," suggested plainly one year ago, and significantly repeated at this time. We do not wish to be misunderstood in this connection; it would be unjust to the teachers if we were to convey the impression that these faults, or any of them, are at all common, or that any single teacher is carrying

the burden of the sum of them; what we do mean to say is, that we have seen tendencies, in a few cases, which call for these suggestions and which should be corrected.

The courses of study in all the schools have been thoroughly revised and adapted to the work of the several grades, and are submitted withthis report. This work we regard as one of the most important of the year, as there have been heretofore, no regular lines of work prescribed for any grade below the Grammar schools, and the work of the higher grades had come to be widely different from that outlined in the old course of study.

We believe that more attention should be given to the subject of Drawing, particularly in the lower grades, and have given it some prominence in the prescribed course. While we are not prepared to recommend the employment of a special instructor in Drawing, in the schools, yet we think that some course of instruction should be provided for the teachers and that they should be required to fit themselves for teaching this subject intelligently and systematically.

The Orange Street building has been thoroughly repaired and painted at an expense somewhat in excess of the estimates, owing to the fact that it was found necessary to make repairs which could not be foreseen.

The Prospect Street house has been repaired also, so that, instead of being the shabbiest school-room in the the district, it is now one of the finest that we have. In the Green street building we still have two large, well lighted and ventilated rooms which can be made ready, at small expense, for schools whenever the necessities of

the district shall require them; in fact, the committee is of the opinion that the school accommodations of the district are now better than they have ever been before.

All of which is respectfully submitted.

DAVID R. PIERCE,	Superintending Committee.

COURSES of STUDY.

COURSES OF STUDY.

PRIMARY SCHOOLS.

FIRST YEAR. (FIFTH GRADE).

FIRST HALF.

LANGUAGE LESSONS.—Reading: familiar words, phrases, and simple sentences from blackboard, charts, etc.; spelling: familiar words from dictation, lessons on the obvious parts and characteristics and the common uses of familiar objects.

NUMBER.—Counting by ones to 100, by twos and threes to 50; also, counting backwards by ones from 10; adding: by ones, twos and threes, to 20; figures: to be read to 100 and written to 30.

DRAWING.—Straight lines; vertical, horizontal, oblique; letters composed of straight lines; angles; right, acute, obtuse; representing (with straight lines) positions of strings, sticks and edges; square and oblong faces of solids; squares and oblongs from stick-laying.

WRITING.—Short words, from copies on blackboard or chart.

VOCAL MUSIC.—Normal course.

SECOND HALF.

Language Lessons.—Reading from the blackboard, charts and a First Reader; the meaning of phrases and selected words to be associated with their use in the sentences read; spelling: words selected from the reading lessons, also other familiar words; lessons on the obvious parts and characteristics, and the uses of familiar objects.

Number.—Counting, by threes, fours and fives to 100; adding: by twos, threes, fours and fives to 30 (on the blackboard and slate); subtracting: twos, threes, fours and fives, from numbers below 21; multiplying two by the numbers below 6; figures: to be read at sight from the blackboard, and written to 1,000; use of signs for addition, subtraction, multiplication and equality. Roman Numbers, through XII; also, their use on the clock face.

Drawing.—Angles; right, acute, obtuse; triangles; square and oblong faces of solids; curved and straight lines combined; circles and semi-circles, by free hand movement; divide lines into equal parts; draw inch lengths.

Writing.—Short words, (from copy.)

Vocal Music—Normal course.

SECOND YEAR. (FOURTH GRADE).

FIRST HALF.

LANGUAGE LESSONS.—Reading, through a First Reader, or in an easy Second Reader; the meaning of phrases and selected words from the sentences read; spelling: words selected from the reading lessons, and other familiar words; lessons on familiar objects continued, with obvious qualities added.

ARITHMETIC.—Numeration and Notation, through six places; adding: single columns of ten figures, including 6, 7, 8, and 9; adding orally, by sixes, sevens, eights, nines and tens; subtracting threes, fours, fives and sixes from the tens below 100 and from all numbers below 31; multiplying two and three by numbers below 11; dividing the numbers 4, 6, 8, 10, 12, 14, 16, 18, by two and the numbers 6, 9, 12, 15, 18, by three; use of sign of division; simple, practical questions; Roman numbers, to include L.

DRAWING.—Square, rhomb, oblong, rhomboid; three kinds of triangles; squares drawn in group, to represent surface of a cube; oblongs and squares in group, to represent surface of square prism; circle with diameter; squares, with diameters and with diagonals; parallel lines; front and end of square and oblong boxes; groups of circles.

WRITING—Short sentences, (from copy.)

VOCAL MUSIC.—Normal course.

SECOND HALF.

LANGUAGE LESSONS.– Reading, in a Second Reader; the meaning of phrases, and selected words which have been read; spelling: words selected from reading lessons, and other familiar words (orally and in writing); lessons on familiar objects continued; sentence building.

ARITHMETIC.—Numeration and Notation through nine places; adding columns of ten figures, including examples with concrete numbers; subtracting the numbers to ten, inclusive, from numbers below 100; simple practical questions in addition and subtraction (to be worked without slate and pencil; multiplication table: through six times twelve; dividing: (the dividend to be a multiple of the divisor) numbers through 24 by two, through 36 by three, through 48 by four, through 60 by five and through 72 by six; also, dividing the tens, 20, 40, 60, 80, by two; 30, 60, 90, by three; 40, 80, by four; Roman numbers, to include D.

DRAWING.—Cylinder, cone, oblong, triangle with two equal sides; faces of a solid, in group; circles: diameters, parallel lines; squares on diameters and diagonals—add curved lines symmetrically arranged; two adjacent faces of a solid; common objects, window, door; groups of tablets.

WRITING.—Sentences continued: short words without capitals.

VOCAL MUSIC—Normal course.

THIRD YEAR. (*THIRD GRADE*).

FIRST HALF.

LANGUAGE LESSONS.—Reading, through Second Reader; the meaning of phrases and selected words which have been read; spelling: as in the previous grade; oral lessons on Physiology and Health; sentence building.

ARITHMETIC.—Written and mental; addition, subtraction and multiplication (multipliers not to contain more than two figures), with practical examples; multiplication table: completed; dividing, (dividend to be a multiple of divisor) numbers through 84 by seven, through 96 by eight, through 108 by nine, through 120 by ten, through 132 by 11 and through 144 by twelve; Roman numbers, to number of the year; tables: Federal money, time, liquid and dry measures.

DRAWING.—Ellipse, oval, vase form, reversed curve, quadrant, radius, arc, octagon, hexagon, pentagon; crosses: Latin, Greek, Maltese, St. Andrew's; circles on half diameters and half diagonals of squares; objects: pitcher, teapot, etc., ornamental groups of tablets.

WRITING.—Sentences continued, with all the capitals; simple letter-writing to be taught.

VOCAL MUSIC.—Normal course.

SECOND HALF.

Language Lessons.—Reading, of the grade of an easy Third Reader; the meaning of phrases and selected words which have been read; spelling and oral lessons on Physiology and Health; sentence building continued, with practice in the correct use of is, are, has, have, do and does; develop the ideas of the qualities that belong to the object, and use the quality word in sentence building.

Geography.—Without text books. Points of the compass, location and direction of familiar places; elementary terms; shape of the earth, and situation of the principal bodies of land and water, on globe and map.

Arithmetic.—Written and mental; addition and subtraction continued; multiplication: multiplicand, not exceeding six figures, multiplier not exceeding four figures; division: divisor not exceeding 25; practical examples in the several rules; Roman numbers, reviewed; tables: long measure, avoirdupois weight and miscellaneous table, with review of previous grade; simple practical questions.

Drawing.—Circular faces, seen directly and obliquely; objects: oil can, ash can, tea canister, street lamp, kite, etc.; tablets arranged as borders, and other ornaments.

Writing.—Brief description of familiar objects; words with capitals; exercises in letter-writing continued.

Vocal Music.—Normal course.

FOURTH YEAR. (SECOND GRADE.)

FIRST HALF.

LANGUAGE LESSONS.—Reading, of the grade of a Third Reader; meaning and use of words, and spelling, chiefly from the lessons of the reading book and from the oral lessons of the grade, also selected miscellaneous words in general use, at least 75 in number, to be taught chiefly by writing them separately and in short sentences from dictation; oral lessons on Physiology and Health, and on the qualities and uses of familiar objects, such as articles of clothing, food, materials for building, and so forth; compositions: sentence-building, using object words known and learned; develop the idea and use of action-words; pupils to point out the object-words, quality-words and action-words in the simple reading lessons.

ARITHMETIC.—Written and mental, through the simple rules and Federal money, with practical examples; selected tables of weights and measures, to be taught, with simple practical applications.

GEOGRAPHY.—(With text book); introductory lessons to Hemispheres.

HISTORY OF THE UNITED STATES.—Brief oral accounts of the discovery of America and discoveries in America.

WRITING.

DRAWING—(Free hand) semicircles; arrangements of simple and compound curves, simple historic bor-

ders, symmetrical arrangement of cordate leaves, simple objects from nature, maps. (Mechanical): use of instruments, application of simple practical problems of geometry, patterns formed from intersecting parallel lines; surface patterns, hexagonal and octagonal; parallel lines as used for shading.

SECOND HALF.

Language Lessons.—Reading of the grade of a Third Reader, (a different book from that used in the first half); meaning and use of words and spelling, as before, at least 75 additional words, and review of those previously taught; oral lessons on Physiology and Health; compositions: sentence-building, develop the idea of action-word with an object after it to complete the sentence; develop the idea of when, how and where an act may be performed; the proper use of words expressive of these ideas.

Arithmetic.—Written and mental, through subtraction of common fractions, including practical applications; selected tables of weights and measures as before.

Geography.—Eastern and Western hemispheres; the continents.

History of the United States.—Brief oral accounts of early settlements.

Writing.

Drawing.—(Free hand) Circles; borders, two different units to be used in each; symmetrical arrangements

of hastate leaves; simple objects from nature; maps. (Mechanical), Application of simple problems in geometry; straight lines, "dotted," etc., door with panels, and window with panes, from measurements made in class; running patterns from circles and arcs; trefoil in triangle.

FIFTH YEAR. (FIRST GRADE.)

FIRST HALF.

LANGUAGE LESSONS.—Reading of the grade of an easy Fourth Reader: meaning and use of words, and spelling as before, at least 75 additional words and review of all previously taught; easy exercises in suffixes; oral lessons on Physiology and Health; compositions: sentence-building, teach grammatical names and uses in sentences of nouns, pronouns, verbs, adjectives, adverbs, relation words and connectives.

ARITHMETIC.—Written and mental. Common Fractions completed, including practical applications. Selected tables of weights and measures, as before.

GEOGRAPHY.—North America.

HISTORY OF THE UNITED STATES.—Brief oral accounts of the Revolution.

WRITING.

DRAWING.—(Free Hand), ellipses; ovals; vases; original designs with leaf and flower; simple objects, from nature; maps. (Mechanical), application of simple practical problems of geometry; table, etc.,

from measurements made in the class; arches, by arcs of circles; quatrefoil in circle; designs (ornate), circle and contents; window, pointed arch.

SECOND HALF.

Language Lessons.—Reading of the grade of a Fourth Reader; meaning and use of words and spelling as before, at least 75 additional words, and review of all previously taught; exercises in prefixes and suffixes; oral lessons on the human body; compositions: English grammar, simple sentences; classes of nouns, and verbs with or without object; teach subject, predicate, object and attribute.

Arithmetic.—Written and mental. Decimals, with practical applications of common and decimal fractions; also reduction, ascending and descending, of integral denominate numbers.

History of the United States—Brief oral account of the Civil War.

Geography.—The United States.

Writing.

Music.—Normal course.

Drawing.—(Free hand), regular pentagon; Greek vase with perspective effect; Egyptian and Greek borders; flowers and trilobate leaves in original designs; maps; elevations, plans and other views of cubes, prisms, cylinders and cones. (Mechanical), simple, graphic solutions of geometrical theorems; elevations, etc., already drawn free hand.

GENERAL DIRECTIONS FOR PRIMARY GRADES.

1. Order of Exercises.—In arranging the order of exercises the minimum time per week shall be as follows: Language lessons, six hours; Arithmetic, six hours; Writing, two hours; Drawing, thirty minutes; Geography, (1st and 2nd Grades) two hours; Music one hour and 40 minutes.

Opening exercises, fifteen minutes; recess, fifteen minutes; the remaining time to be distributed at the discretion of the teacher, with approval of Committee.

2. Arithmetic.—In the third and fourth years rapid calculation shall be required in the simple rules, particularly in addition, at least ten minutes each day.

3. Use of Pencils and Pens.—The pupils should not be allowed to write or draw with short pencils; particular care to be taken as to the method of holding both pencil and pen, also as to position of the body. Writing with the pen shall be begun as early as the third year.

4. Physical Training.—Pupils shall be exercised daily in such a manner as to expand the lungs, develop the muscles, and impart an easy and graceful carriage to the body. For this purpose, calisthenic exercises shall be employed at some time in each session.

5. Manners and Morals.—Such instructions should be given the pupils daily in all the grades as will foster

a spirit of mutual kindness and courtesy, a feeling of respect for their elders, of obedience to parents and teachers, and a love of cleanliness, order, law, and truth.

Patriotism, a sense of public duty and of submission to authority, should be constantly inculcated. No proper opportunity should be lost to cultivate in the pupil the sentiment of kindness toward the brute creation, and a feeling of abhorrence of every species of cruelty and brutality.

GRAMMAR SCHOOL.

FIRST YEAR. (*FOURTH GRADE.*)

FALL TERM.

ARITHMETIC.—Compound Numbers.

GEOGRAPHY.—South America, the British Islands, Russia, Norway and Sweden.

GRAMMAR.—(elementary) Parts of Speech.

READING.—Fourth Reader.

WRITING.—Book No. 3.

DRAWING.—Free Hand and Mechanical. Map Drawing.

SPELLING.—Review of words previously taught and 50 additional words.

VOCAL MUSIC.—Normal Course.

WINTER TERM.

ARITHMETIC.—Measurements.

GEOGRAPHY.—Western and Central Europe.

GRAMMAR.—(elementary) Verbs, properties of the parts of speech.

READING.—Fourth Reader—Supplementary reading, Physiology and Health.

WRITING.—Book No. 3.

DRAWING.—Free Hand and Mechanical—Map Drawing.

SPELLING.—50 additional words and review of those previously taught.

VOCAL MUSIC.—Normal Course.

SPRING TERM.

ARITHMETIC.—Percentage.

GEOGRAPHY.—Asia.

GRAMMAR.—(elementary) Adverbs, prepositions, conjunctions, interjections. Simple analysis throughout the year.

READING.—Fourth Reader—Supplementary reading, U. S. History.

WRITING.—Book No. 4.

DRAWING.—Free hand and Mechanical. Map Drawing.

SPELLING.—50 additional words with review.

VOCAL MUSIC.—Normal Course.

SECOND YEAR. (THIRD GRADE).

FALL TERM.

ARITHMETIC.—Greenleaf's Complete. Percentage (reviewed) and Interest.

GEOGRAPHY.—Africa and Oceanica.

GRAMMAR.—Orthography, nouns, adjectives and pronouns.

READING.—Harper's Fourth Reader, Supplementary reading, U. S. History.

SPELLING.—Normal Course.

WRITING.—Book No. 3.

DRAWING.—Prang's No. 4.

VOCAL MUSIC.—Normal Course.

WINTER TERM.

ARITHMETIC.—Problems in Interest, Partial Payments, True and Commercial Discount.

GEOGRAPHY.—Special study of New England States.

GRAMMAR.—Verbs.

READING.—Harper's Fourth Reader and Supplementary reading in U. S. History.

SPELLING.—Normal Course.

WRITING.—Book No. 4.

DRAWING.—Prang's No. 5.

VOCAL MUSIC.—Normal Course.

SPRING TERM.

ARITHMETIC.—Bank Discount and review.

GEOGRAPHY.—General review.

GRAMMAR.—Adverbs, prepositions, conjunctions, interjections. Analysis and parsing, review.

READING.—Harper's Fourth Reader and supplementary reading in U. S. History.

SPELLING.—Normal Course.

WRITING.—Book No. 4.

DRAWING.—Prang's No. 5.

VOCAL MUSIC.—Normal Course.

THIRD YEAR. (SECOND GRADE).

FALL TERM.

ARITHMETIC.—Greenleaf's Complete, begin at Stock Investments and advance as far as Involution and Evolution, including the Metric System of weights and measures, with reviews.

GRAMMAR.—Harvey's, begin at Syntax and advance to Rules of Syntax, p. 190, with analysis and parsing.

HISTORY.—Commence the book and advance as far as Intercolonial Wars. (Development of most important colonies discussed. Sketches of important persons and events).

READING.—Shaler's Geology.

SPELLING.—Normal Course.

WRITING.—Books, Nos. 3 and 4.

MUSIC.—Normal Course.

DRAWING.—Prang's Course.

WINTER TERM.

ARITHMETIC.—Begin at Involution and Evolution, and advance to Appendix with reviews.

GRAMMAR.—Begin at Rules of Syntax and advance to Figures of Language, page 231, with analysis and parsing.

HISTORY.—Begin at Intercolonial Wars, advance as far as 1778. (Through Burgoyne's Invasion and re-review from the first of the book. Follow same plan as in first term).

READING.

SPELLING.—Normal Speller.

WRITING.—Books Nos. 4 and 5.

MUSIC.—Normal Course.

DRAWING.—Prang's Course.

SPRING TERM.

ARITHMETIC.—Begin at Appendix, complete the book and review important topics.

GRAMMAR.—Review thoroughly, analysis and parsing. During the year class writing and talking, from dictation. Letter and note forms. Descriptions of persons, places, events, etc.

HISTORY.—Begin at 1778 and advance as far as Washington's Administration and review from the beginning. The campaigns of each year to be fixed first, next the places with events clustering around them, as New York, Boston, Philadelphia, Charleston, Savannah; next the persons who were actors, Americans or foreigners, in army, navy or councils, Pupils learn dates of a few marked events only, seek cause, results and relations of great facts in history. Assign by topics, pupils always to recite in their own language. Bring in anecdotes, incidents, stories. Have short biographical sketches of eminent persons of the revolutionary period—their character, purposes, abilities, influences. Give pupils some clear idea of the historical relations of American colonies to England. Use maps for strategic points, camps, routes, battles.

READING.

SPELLING.—Normal Course.

WRITING.—Books Nos. 5 and 8.

MUSIC.—Normal Course.

DRAWING.

Exercises in Reading, Spelling, Writing, Music, daily through the year.

FOURTH YEAR. (FIRST GRADE).

FALL TERM.

ARITHMETIC.—Thompson's Commercial, commence the book and advance as far as General Analysis, page 172.

GRAMMAR.—English Composition, and review Orthography and Etymology, with analysis and parsing.

HISTORY.—The Administrations: Washington's to Lincoln's. (Domestic History, Foreign Relations, Biographical Sketches.)

BOOK-keeping—Single Entry.

READING.—Franklin Speaker.

SPELLING.—Normal Course.

WRITING.—Books Nos. 3 and 4.

MUSIC.—Normal Course.

WINTER TERM.

ARITHMETIC.—Thompson's Commercial, commence at General Analysis and advance as far as Powers and Roots, page 251.

GRAMMAR.—Review Syntax, written work in composition, analysis and parsing

History.—Lincoln's administration to the present time. The Civil War—Condition of the U. S., politically, just before the war; causes of the war: first acts North and South; relations of the two great armies. i. e. Confederates mainly defensive, except Lee's attacks at Antietam and Gettysburg, Hood at Nashville, Early at Chambersburg, all unsuccessful; the Union troops mainly aggressive—the great objects being the destruction of Lee's army (capture of Richmond) opening of the Mississippi (Forts Henry and Donelson, New Orleans and Vicksburg), Sherman's march from Atlanta. Show nature and importance of blockade—the matter of foreign interference. Note the enormous expenditure of life and money on both sides, and the measures by which means were obtained, also the condition and progress of the North during this period, also of the South; eminent persons on both sides, civil, military, and otherwise. The matter of strategic points, routes, battles, etc.

Book-keeping.—Double Entry. All common business forms, bills, receipts, orders, checks, notes, bills of exchange, invoices, statements, etc., business correspondence, forming telegrams, etc.

Reading.

Spelling.—Normal Course.

Writing.—Books, Nos. 4 and 5.

Music.—Normal Course.

SPRING TERM.

Arithmetic.—Thompson's Commercial, begin at Powers and Roots and complete the book with reviews. Ray's Arithmetical Problems will be used for oral work throughout the course.

Grammar.—General review of English Grammar and Composition, and analysis and parsing.

History.—The Constitution, with a review of the book.

Physiology.

Reading.—How We are Governed.

Spelling.—Normal Course.

Writing.—Books Nos. 5 and 8.

Music. —Normal Course.

HIGH SCHOOL.

EXPLANATION OF COURSES.

The studies of the High School are arranged in three courses: 1st. A full English course of four years. 2nd. An English-Latin Course of four years. 3rd. A Classical Course of four years, preparatory for College.

There are regular exercises in Composition, Declamation, etc., throughout all the courses.

Upon entering the school, pupils under the direction of their parents or guardians, with the consent of the Principal and the Committee in charge, may elect any one of the courses; but they will not be allowed to change from one course to another or to pursue studies not included in the course which they have elected, without the consent of the Principal and the Committee in charge.

Each pupil is required to have at least three recitations daily, except on days when rhetorical or other occasional exercises occur.

No pupil shall be promoted to a higher class or be recommended for graduation whose average in scholarship for the year preceding shall be less than 70 per cent. and whose rank in any one study shall be less than 60 per cent. But the average in Latin and Mathematics shall be not less than 70 per cent.

The requirement for admission shall be a satisfactory knowledge of the studies pursued in the Grammar

school; and all pupils of the Grammar school, who have received a diploma, shall be admitted without an examination. Any pupil not having received a Grammar school diploma or any pupil becoming a resident of the district during the school year, and applying for admission to the High school, shall be examined by the Committee in charge and the Principal. and if found qualified, may be admitted.

TUITION.

Tuition to *bona fide* residents of the district is free; non-residents are charged $6 per term. This is payable in advance at the opening of each term, and includes the use of text books.

Parents are requested to visit the school frequently, and will always be cordially welcomed by the Principal and the teachers.

Latin and Greek composition throughout the course.

Weekly exercises in English throughout the course.

These courses are subject to such modifications as the requirements of colleges may, from time to time, render necessary.

To The Citizens of The Town School District:

Mrs. Mary A. Rogers taught the spring term in school No. 1 and Miss Grace B, Henderson the fall term. Mrs. Rogers is an able and experienced teacher, and this arrangement was very gratifying to the people. The attendance was more regular, and a marked improvement was apparent in the school. Mrs. Rogers services could not be secured for the fall term and Miss Grace B. Henderson was employed. Miss Henderson is a graduate of the Dover High school and proved a faithful and efficient teacher.

School No. 2 was taught by Miss Jessie B. Lord. The attendance has been regular and the pupils have made good progress. The interest which the parents and friends of the scholars have shown in the school can not be too highly commended. Their occasional presence in the school room pleases and encourages the children and is appreciated by the teacher.

Respectfully submitted.

GEORGE B. LORD,
ALBERT E. ROGERS,
CHESTER V. WADLEIGH, } School Board.
